(REF: AR 350-1, Chap 3, para 3-18)

Course Structure

WLC is a branch immaterial course, taught in an NCO Academy in a non-live-in environment (within local constraints), using classroom instruction with practical application, followed by hands-on performance-oriented training that culminates in an extensive situational training exercise (STX). Small group leaders (SGLs) will assess your leadership potential and evaluate your ability to apply the lessons learned in the course while leading Soldiers in a garrison and tactical environment.

Course Length

WLC is a 2-week, 3-day course, culminating with a 36 hour STX.

**Course
Pre-requisites**

1. Soldiers attending WLC must fall into the following priorities.
 - a. Priority One: Staff Sergeants promoted without WLC.
 - b. Priority Two: Sergeants that are non-WLC graduates; the SGTs may or may not have a WLC waiver.
 - c. Priority Three: SPC/CPL promotable; use the following priority list:
 - (1) SPC/CPL (P) who meets the cut off score.
SPC/CPL (P) in MOSs which would have had additional promotions if more promotable SPC/CPLs had been available and identified as "Star MOS" by monthly HRC Promotion Cut-Off Memorandums.
 - (2) SPC/CPL (P) in other MOSs serving in an authorized NCO position based on the highest number of promotion points.
 - (3) All other SPC/CPL (P) on a recommended list based on the highest number of promotion points.
 - d. Priority Four: SPC/CPL in leadership positions. In order to fill all WLC training seats, non-promotable SPCs with demonstrated leadership potential may attend WLC only after exhausting all other higher order of merit list (OML) categories.
 - e. Priority Five: PFC with leadership potential may attend WLC when all higher OML categories are exhausted.
 2. Students must:
 - a. Possess eligibility for reenlistment and be recommended by their commander;
 - b. Have no convictions of a misdemeanor crime of domestic violence (Lautenberg Amendment);
 - c. Have a current periodic health assessment (PHA) or medical examination within the past 12 months to attend WLC;
 - d. If age 40 or over, have completed a Cardiovascular Screening as part of their periodic health assessment within the last five years;
-

**Enrollment
Requirements**

1. Effective 1 October 2007, the automated PEC took effect. Soldiers whose reservations were made after that date are only required to report with documentary evidence of physical profile and other non-routine prerequisites not contained in the total Army personnel database (TAPDB). DA Form 705 (APFT Card) is no longer needed, because of the responsibility of the commanders to ensure Soldiers meet the Army standards within 30 days before sending to any NCOES, per PEC, dated July 2009.

2. Soldiers who have a permanent profile designator of “3” or “4” must include a copy of their DA Form 3349 and the results of their military medical review board (MMRB) as part of the course application. Soldiers, who have appeared before an MMRB or similar board, have been awarded medical limitations, and allowed to retain their occupational classification, may attend WLC and train within the limitations of their profile--provided they can meet course prerequisites and graduation requirements.

3. NCOAs will deny enrollment to Soldiers who hold a temporary profile except for shaving or nonperformance deterring profiles. Soldiers diagnosed as pregnant after enrollment may continue training, **provided** the attending physician deems it is safe to do so. Pregnant Soldiers must provide a copy of the attending physician’s recommendation. A Soldier medically dismissed for pregnancy after enrollment may return to the course when the condition that led to the medical dismissal no longer exists.

4. For students with permanent profiles, their profile must include an aerobic event. Soldiers with permanent profiles that permit an alternate APFT event must also meet course graduation requirements.

**Enrollment
Requirements,**

-
5. Temporary Profile Exceptions: Commanders may send Soldiers with temporary profiles due to participation in OIF/OEF, to WLC. Soldiers must arrive with a copy of their current temporary profile and a memorandum bearing the commander's signature stating the profile exists as a result of injuries during participation in OIF/OEF. The Soldiers will train within the limits of their profiles.
 6. For students with P3/P4 profiles, ensure that the profiling doctor and the approving authority doctor have signed the profile. The commander does not need to sign the profile unless he disagrees with the profile. P2 profiles only need the signature of the profiling doctor. Soldiers possessing P2 profiles must also meet course graduation requirements.
 7. Wounded Warrior: Commandants will not deny enrollment or dis-enroll Soldiers based on physical profiles resulting from MMEB or MEB rulings. Soldiers previously unable to meet course requirements as a result of physical limitations formally acknowledged by either the wounded warriors program and/or a permanent profile as a result of a MOS/medical retention board, or medical evaluation board and properly documented using the military physical profile for physical condition/stamina, upper extremities, lower extremities, hearing / ear, eyes, and psychiatric (PULHES) code, can attend PME and MOS courses. Waivers are authorized to adjust or waive graduation requirements to these soldiers for enrollment and attendance at professional military education courses (PME), and military occupational specialty (MOS) courses due to reclassification.
 8. NCOAs will deny enrollment to Soldiers failing to meet any one of the above prerequisites. Commandants may not supplement these mandatory prerequisite requirements.

Graduation	
Requirements,	2. Soldiers flagged for weight control failure will not be selected, scheduled, or attend institutional training. Once soldiers meet standards, they will be considered eligible for military schools and institutional training courses.
Continued	3. NCOAs Commandants will not add to the standards of AR 600-9 or the ALARACT by imposing any arbitrary percentages to the body fat composition. 6. NCOAs Commandants will arrange for students who fail the body fat composition and deem them to be a potential health risk, to be seen at the post DA Medical Center or Troop Medical Clinic for medical clearance. This is also a requirement for students who look unhealthy or unfit for meeting WLC standards. If medical clearance is denied then deny enrollment of student. If student is medically cleared, but is over fat on BF worksheet, see the standards and requirements in C above.

This counseling should determine whether you have any personal problems or outside distracters that would interfere with you completing the course. This session must include the statement “I will not acquire or provide inappropriate assistance before or during any test except as instructed (i.e., group activities) and will report any such inappropriate assistance before, during, or after the test administration.” This eliminates the DA Form 5160 requirement;

NOTE: If a performance step does not present itself during the evaluation, through no fault of the student, score that performance step a "GO." SGLs may evaluate "unseen" performance steps by noting indicators of performance or by asking the student directly. For example, it is impossible to see someone "visualize a situation." However, if the leader developed a good visualization of the situation, the results will most likely meet or exceed the standard. Or, the SGL might ask the student directly, "How did you visualize the situation?" Additionally, leaders always perform TLPs, even for simple missions. Leaders may not perform the TLPs formally, but in an abbreviated and mental manner.

**Student
Instructions**

1. This performance test measures your ability to properly conduct a training session.
2. During the last hour of instruction, I assigned you an individual task to train to standard. You will--
 - a. Train this task to standard, to your fellow Soldiers;
 - b. Plan, prepare and rehearse with your peers;
 - c. Have 30 minutes to train the task to your peers during class;

 - h. Conduct an after action review and an assessment of the training at the end of the training session;
3. You must correctly perform 18 or more of the 25 performance steps to achieve a GO. A GO is a graduation requirement. You may re-test one time and must complete the performance evaluation in its entirety.
4. You can figure out your academic score by dividing the number of correct performance steps by the total number of performance steps. The following ratings apply toward graduation and honors.
 - a. 0-69 rates UNSATISFACTORY.
 - b. 70-89 rates SATISFACTORY.
 - c. 90-100 rates SUPERIOR.
 - d. Passing the retest rates SATISFACTORY with a score of 70 percent.
5. Now, I will provide you with the exact time and date you must present your training session.

NOTE: FM 7-1 (Battle Focused Training) has been deleted from Army regulations, but WLC is using this doctrine until a replacement is released by higher authority.

Re-test

In the event you should fail the initial performance evaluation, you will receive remedial training and one re-test. You must retake the entire test. A failure of the re-test initiates dismissal procedures.

If the student fails any step, show the student what was done wrong and how to do it correctly. Student must score 70 or above to pass. Students who fail the evaluation must retrain and re-test. NOTE: If a performance step does not present itself or is not required during the evaluation, through no fault of the student, score that performance step a "GO." Some blocks may not need to be accomplished by the student. SGLs should automatically award points for these blocks (i.e. "Select Task" or "Close out the Training Site") if this occurs. SGLs may evaluate "unseen" performance steps by noting indicators of performance or by asking the student directly. This score sheet provides the student with the correct performance steps for conducting training to standard. This will aid the student in being able to conduct successful training events with subordinates at their unit of assignment.

**Instructions
to Students**

1. This performance test measures your ability to properly conduct an Army physical readiness training session.
2. You and a fellow classmate must plan the PT session and correctly perform 18 or more of the 25 performance steps to achieve a GO. Although you are leading the PT session with another classmate, your SGL will grade you separately. A GO is a graduation requirement. You each have 30 minutes to complete this performance evaluation test. You may re-test one time and must complete the test in its entirety.

 - a. Brief the risk assessment;
 - b. Form an extended rectangular formation;
 - c. Lead the group in preparation;
 - d. Lead the group in the activity assigned for that session;
 - e. Leads the group in recovery;
 - f. Form the group back to a line formation;
4. Your academic score derives from dividing the number of correct performance steps by the total number of performance steps. The following ratings apply toward graduation and honors.
 - a. 00-69 rates UNSATISFACTORY.
 - b. 70-89 rates SATISFACTORY.
 - c. 90-100 rates SUPERIOR.
 - d. Passing the retest rates SATISFACTORY with a score of 70 percent.
5. You may correct erroneous commands without penalty by using the command of "As you were," prior to the command of execution, making the correction, and then continuing. You may use notes/cue cards during the evaluation.
